## Life on your land can start now with a Blue Ridge Log Cabin

As the nation's only modular log home builder, Blue Ridge Log Cabins builds custom, high-quality log homes in an innovative one-day process. We can have you living your dream – on your new land – sooner than any other log home builder in America.

### And you won't be roughing it.

Log homes are a natural fit for the most scenic and serene properties, and Blue Ridge Log Cabins builds the best log homes in the industry – on time and on budget, and in weeks, not months or years.

We have over XX floor plans to choose from, all available for immediate build. All our homes are skillfully crafted in our state-of-the-art temperature-controlled facility and delivered straight to your site for onsite, one-day assembly and finishing. The result: You enjoy your beautiful new property sooner – in a beautiful, classic log home built to your specifications.

## PILLARS OF DISTINCTION

### INNOVATION

Exceptional quality whole, kiln-dried log homes.

Expertly assembled in a climate-controlled state-of-the-art facility.

### RESULTS

Premium log homes ready in as little as six weeks.

And with our amazing "One Day Experience," we will deliver a beautiful log home to your land and have it up before the day is over.

### HASSLE-FREE BUILDING EXPERIENCE

Complete log homes, offering homeowners inspired designs and the most all-inclusive building options.

### HOME EFFICIENCY

Blue Ridge Log Cabins evoke the spirit of the past while integrating all of the efficiencies, conveniences, and amenities of the 21st century.

### CORE VALUE OF CARING

We listen. We care. We respond.

You'll wish everyone was as helpful and responsive as your Blue Ridge Log Cabins building representative.

### YOUR PEACE OF MIND

We build complete custom log homes, with the industry's only turn-key price guarantee – the price in your agreement is the final price for your home, period.
