**UNCERTAINTY**  
ABOUT THE NEXT  
FOUR YEARS ...

FIND  
**CERTAINTY**  
FOR YOUR NEXT  
FOUR GENERATIONS.

AN IMPORTANT MESSAGE BROUGHT TO YOU BY

Dear Friend,

As politics heat up and the election draws nearer, not knowing what the future holds can stop many people from investing in the homes they've always dreamed of, and the lives they've always wanted for their families.

*But when there is uncertainty, there is often opportunity:*

## **Opportunity that you don't want to miss:**

- **Opportunity** to build a *beautiful, solid-log, custom* Blue Ridge Log Cabin home at a record-low interest rate. Interest rates as low as 3.66%\* for a 30-year fixed and 2.75%\* for 15 years fixed rate. Locking in now can reduce your monthly mortgage payments, and save you thousands of dollars throughout the next 15 to 30 years.
- **Opportunity** to invest in something tangible and enduring -- Something that will last way longer than the next presidential term . . . not just for you, but for your children, their children, and your grandchildren's children ...**they will remember you**, and what you wanted for your family, your time together, and your future.
- **Opportunity** to act. Many people are waiting – paralyzed with uncertainty about the next few months, **But many other people are moving ahead.** They know that real estate is always, always an asset, no matter who's in office.
- **Opportunity** to save thousands of \$\$\$
- **A second home** is the only long term investment you and your family can enjoy **TODAY!**

*"In uncertain times, certain things in life become clear."*

Take this time to look at [Blue Ridge Log Cabins](#).
